only quite reasonable. It would not, however, appear quite proper to claim repayment of the receipts of previous year which are being credited to the British Govt. for the past nearly thirty years. The claim, though it may be admitted to be just, has been slept over all these years and it will be sufficient to get it recognized now, without raising the question of the receipts of the [illegible] Secretariat.

I do not think any reference is necessary for the receipts being credited in future to the State ~~but~~ I do not also see why we should not ask for a refund of the amount ~~also~~ till now credited to the British Treasury by mistake. We may get from the Comptroller a full statement of the amount with particulars of credit & ask him to move the Madras Govt. for a refund.

The reply to the last issue in the D. & O. file and subsequent correspce are not readily available. The tracing of these papers has ended with a slip in the record bundle showing that the file was given to the late Registrar Mr Lavery Extracts & register entries put up.

From the D. & O. file it will be seen that in 1881 there was an accumulated balance of Rs 1363-1-2 to the credit of the Seringapatam Cemetary Fund when that correspce commission took place. An enquiry in the Comptroller's Office was made with a view to get some clue for the trace of the papers wanted. The accounts appear to have been destroyed as they were beyond the prescribed period. The Deputy Secy Office may be tried for a copy of the Correspce wanted.

4. As this office too has no information on the subject and it is not clear why the receipts are credited to the British Government when the establishment charges are borne by the State, I request that you will be so good as to obtain the orders of Government as to whether the existing practice may continue.

5. A copy of the statement shewing the receipts of the cemetery from 1888 to February 1910 received from the Deputy Commissioner, Treasury Department, Mysore District, is enclosed for information. He has been requested to furnish a complete statement containing figures from 1882 which when received will also be forwarded.

Letter No. 1082 dated 7th June 1910 from the Deputy Commissioner, Treasury Department, Mysore, to the Comptroller, Mysore Government, Bangalore.

-:::::::::::::::::-

With reference to your docket No.5467/T.A.D.II.649 dated 20th April 1910, forwarding Government Order No.2940-1-115 dated 19th July 1882 and enquiring whether any fresh reference is deemed necessary with regard to the Establishment Charges at Seringapatam, I have the honor to state that the Government Order in question alters the whole case. The point that we have to urge now is not that the Establishment Charges be met by the British Government but that we must be given the receipts from the cemetery. The wrong credit to H. M. S. instead of to the Mysore Government, seems to have been due to the Taluk authorities having literally followed the instructions conveyed in the Government Order No.2940-1-115 dated 19th July 1882. They have altered the head of Expenditure from H. M. S. Accounts to the List of Payments but have failed to make the logically resulting alteration on the receipt side

The transfer of the Expenditure to the Mysore State was probably due to the transfer of Seringapatam from the hands of the British Government to those of Mysore. The transfer was apparently not intended to be merely partial extending to Expenditure only and the Receipts from the gardens must be taken to have also been transferred to the Mysore Government.

As for the second para of your docket, I have to draw your attention to a difference between the cemetery at Seringapatam and those elsewhere. The cemetery at Seringapatam is purely of historical interest and has to be kept up as such. The cemeteries at the other places are part so to speak

(4)

of Ecclesiastical Department of the British Government. They are in charge of Resident Chaplains and are used for the burial of the European dead. Therefore they are maintained by the British Government and the receipts, if any, go to the H.M.S. Accounts.

Under these circumstances, it is necessary that a reference should be made to the Accountant General, Madras, and the receipts of the European Cemetery at Seringapatam since February 1882 should be credited to the Mysore Government by deductions to the H.M.S. Accounts.

The enclosed statement gives the details of the receipts credited to the British Treasury as stated above -

in the opinion of the Durbar

making the logical resulting alteration on the "Receipt" side.

The transfer of the Expenditure to the ~~Durbar~~ Mysore State ~~was probably due~~ consequent on the transfer of Seringapatam from the British Government to the Durbar was apparently not intended to be merely partial extending to Expenditure only but also to the receipts from the gardens of the said Cemetery.

Under these circumstances, I am to request you will be so good as to move the Madras Governme for a refund of th amounts till now

No. 2735/497 Office of the Resident in Mysore

Bangalore, 13th February 1882.

To

The Dewan of His Highness the Maharaja of Mysore.

Sir,

I am directed by the Resident to address you in connection with the future preservation of the tombs and mausoleum in Seringapatam which as you are aware, now devolves on the Government of H.H. the Maharaja in consequence of the cession of Seringapatam according to the terms of Article 6 of the Instrument of Transfer.

2. For the upkeep of the cemeteries containing the tombs of British Officers and other Europeans, as well as the Cenotaph in the middle of the island of Seringapatam, the Government of India has maintained an establishment as indicated in the margin, and has made an annual grant of Rs 222. Strictly speaking the transfer of the charge of these cemeteries should have taken place last March and the expense incident thereon should have fallen on the Mysore State during the current year, but looking to the many changes and new arrangement which were made at that time, it was not considered convenient to deal with this question at once.

Chowkirs

3. There appears however no good reason why the transfer should not be made from the beginning of the next financial year that is from the 1st April 1882 and I am therefore to intimate that the Resident proposes to hand over the Cemeteries from that date. A small surplus fund has accumulated from savings and other sources which in the meantime will be applied to repairs and improvements, thus ensuring that the monuments, cemeteries and tombs will be given over in a thorough state of repair.

4. For the maintenance of the mausoleum of Hyder Ali and

(29

therewith, the marginally noted sums have been annually granted by the Government of India and I am to say the Government of India anticipates that the Durbar will continue such allowances and grants.

Tombs of Tippu Sultan's family	Rs 615-6-8
Cost of Establishment of 5 Muszids	4344-2-0
Cost of Fatihas & Urus - -	1181-9-9

5. The moneys thus paid are at credit in the Seringapatam Taluk Treasury where they form a Gumbuz fund which is at present administered by the Town Magistrate Mr. Mahomed Ali Khan Bahadur. The exact amount of that fund at the close of March will be ascertained when the Resident will formally hand the balance over to your charge, and from that date all grants of the Imperial Government on account of the Tombs and mausoleum in the island of Seringapatam will terminate.

6. A list of tombs and mausoleums situated in Seringapatam and connected with the family of the former Mahomedan rulers of Mysore is appended.
